SEE MORE OF THE GLOBE.
WITHOUT THE REST OF THE WORLD.

Designed for parties from two to two dozen.

Globus European Private Touring offers all of the benefits of a Globus published itinerary, yet allows you to handpick your traveling party. Grab your partner, gather the gang, or keep it in the family. Whether you organize a romantic getaway or an overdue reunion, you'll enjoy a more intimate European vacation with all of the value you'd expect from a Globus tour.

With a Globus Private Tour, you and your traveling party will have your own dedicated Tour Director, your own private transportation and driver, and your own professional Local Guides. Every Private Tour includes all of the visits and entrances as outlined in the original published itinerary. And going private gives you the advantage of a greater flexibility in pace and your experience. Perhaps you'd like to spend a little more time at a particular landmark, see an additional sight, or even skip one altogether. All are possibilities on a Globus Private Tour!
